HUZAIFA REHAN

Full Stack Developer | AI Engineer
Karachi, Pakistan | +92 331 2474673 | rehanhuzaifa035@gmail.com
Portfolio | GitHub | LinkedIn

PROFESSIONAL SUMMARY

Computer Science undergraduate and full stack developer specializing in AI powered applications, multi agent systems, and Retrieval Augmented Generation (RAG) pipelines. Proficient in Python, TypeScript, Next.js, FastAPI, and the OpenAI Agents SDK, with hands on experience architecting and shipping complete systems end to end. A growth driven engineer focused on continuously mastering emerging AI technologies and building automation systems that solve real world problems.

TECHNICAL SKILLS

Languages: Python, JavaScript, TypeScript, HTML/CSS, SQL
AI & ML: Generative AI, OpenAI APIs, OpenAI Agents SDK, RAG Systems, Multi Agent Systems, Prompt Engineering
Frontend: React.js, Next.js, Tailwind CSS
Backend: Node.js, FastAPI, REST APIs, Server Actions, Prisma
Databases: PostgreSQL, Neon, Qdrant (Vector Database)
Tools & Deployment: Git, GitHub, Docker, Kubernetes, Vercel, MCP, Claude Code, Codex

PROJECTS

Portfolio Website with RAG Chatbot | *TypeScript, Next.js, React, RAG* Live Demo | Code

- Built and deployed a responsive portfolio application with Next.js, TypeScript, React, and Tailwind CSS.
- Integrated a RAG chatbot to provide an AI powered way for visitors to interact with portfolio content.
- Deployed and hosted the application on Vercel.

Full Stack Todo Application | *Next.js, TypeScript, Tailwind CSS, FastAPI, PostgreSQL, JWT* Live Demo | Code

- Built a full stack task management application with Next.js and TypeScript frontend components and a FastAPI backend.
- Implemented JWT based authentication and persistent task storage using PostgreSQL.
- Integrated an AI chatbot feature to extend the application with natural language interaction.

Stockeyfy: Inventory Management SaaS | *Next.js, TypeScript, Prisma, PostgreSQL, Auth.js* Live Demo | Code

- Built a full stack inventory management SaaS with Next.js, TypeScript, Prisma ORM, and PostgreSQL.
- Developed a real time analytics dashboard with KPIs, low stock alerts, and an auditable stock ledger.
- Implemented secure Auth.js authentication with email verification, rate limiting, and session control.

WORK EXPERIENCE

Office Assistant, Generation's School (Research & Development, Gen U) Jan 2026 to Present

- Organize and maintain departmental databases and records so information stays accurate and easy to retrieve.
- Manage calendars and schedules and support the day to day operations of the R&D department.

Library Assistant, Generation's School Jul 2025 to Jan 2026

- Maintained library records and supported daily library operations and administrative tasks.

EDUCATION

BSc (Computer Science): University of Karachi — In Progress (Expected 2027)
ADS (Computer Studies): University of Karachi — Completed (Awaiting Results)
HSC (Pre-Engineering): Govt. Islamia Science College, Karachi Board — 2022
SSC (Science): Metropolitan Academy, Karachi Board (A Grade) — 2020

CERTIFICATIONS

- **Governor Sindh Initiative for Cloud Applications & Generative AI** (In Progress)
- **Claude Academy:** Claude 101, Claude Code 101, Claude Code in Action, AI Fluency: Framework & Foundations, Introduction to Claude Cowork
- **Basics of Python**, Kandi | **English Language**, Domino English Language Center
